CHARMI ALUMINIUM PRIVATE LIMITED

Established in 2005, has quickly emerged as a prominent player in the manufacturing industry, specializing in high-quality aluminium windows. The company prides itself on delivering innovative and durable solutions for residential and commercial spaces. With a keen focus on excellence, Charmi Aluminium has expanded its product line to include a range of superior offerings, such as doors and louvers, all crafted with precision and attention to detail.

The manufacturing facility, strategically located in Bakrol, Ahmedabad, spans an impressive 2500 square meters. This state-of-the-art facility is equipped with cutting-edge technology and adheres to stringent quality control measures, ensuring that each product meets the highest standards. Charmi Aluminium's commitment to quality extends to every step of the production process, from material selection to fabrication and finishing.

The company's aluminium windows boast not only aesthetic appeal but also robust functionality, providing customers with reliable and energy-efficient solutions. Whether for residential projects, commercial buildings, or industrial spaces, Charmi Aluminium has established itself as a trusted name in the industry, catering to diverse needs with a comprehensive range of products.

Charmi Aluminium Private Limited's success can be attributed to its dedication to customer satisfaction, innovation, and a forward-thinking approach. With a focus on sustainable practices and continuous improvement, the company is poised for continued growth and success in the competitive market of aluminium window manufacturing.

"SMART WINDOW FOR SMART PLACES"

Aluminium win- dows

Crafted for clarity and built to last, our aluminium windows offer unmatched durability and design. Energy-efficient and low-maintenance, they bring in light while keeping out the elements. A perfect blend of aesthetics and performance.

Casement Windows:

Hinged at the side, these windows open outwards or inwards, providing excellent ventilation.

Sliding Windows:

These windows slide horizontally along a track, ideal for spaces where you don't want a window to protrude.

Fixed Windows:

These are non-operable windows that are designed to allow light in while providing an unobstructed view.

Bi-Fold Windows:

These windows fold in a concertina style, creating a wide opening for a seamless connection between indoor and outdoor spaces.

"SMART WINDOW FOR SMART PLACES"

Aluminium

slim partitions

Our aluminium partition wall systems deliver unmatched durability and refined design. Energy-efficient, low-maintenance, and versatile, they create open, light-filled spaces while ensuring strength and privacy. A perfect blend of aesthetics and performance — designed for modern interiors.

Aluminium

Imported louvers

Engineered for elegance and built to endure, our aluminium imported louvers offer exceptional durability and sleek design. Energy-efficient and low-maintenance, they welcome natural light while providing superior protection against the elements.

A perfect fusion of modern aesthetics and high performance.

Aluminium

air ventilation

Engineered for precision and lasting beauty, our aluminium rendon louvers deliver exceptional durability and design. Optimized for energy efficiency and minimal maintenance, they allow natural light and airflow while shielding against the elements.

A seamless fusion of aesthetics, innovation, and performance.

"SMART WINDOW FOR SMART PLACES"

Aluminium facade

Engineered for Excellence, Designed to Endure.

Our aluminium façades combine outstanding durability with sophisticated design, offering energy efficiency, minimal maintenance, and lasting protection against the elements.

A seamless fusion of aesthetics and performance — crafted to elevate every structure.

"SMART WINDOW FOR SMART PLACES"

Aluminium pergolas

Our aluminium garden pergolas offer exceptional durability and refined design, creating inviting outdoor spaces that stand the test of time. Weather-resistant, low-maintenance, and stylish — the perfect blend of beauty and performance for your garden.

Aluminium glass railing

Crafted for safety and styled with elegance, our aluminium glass railings offer unobstructed views with modern appeal. Strong, sleek, and corrosion-resistant, they add a touch of sophistication to any space. A perfect fusion of transparency and strength.

Frameless Glass Railing:

Minimalistic and ultra-modern with no visible frames. Offers the clearest, uninterrupted views.

Framed Glass Railing:

Fully supported with aluminium or stainless-steel frames. Strong and ideal for high-traffic or commercial spaces.

Standoff Glass Railing:

Uses circular standoff pins to mount glass panels directly to a surface. Gives a floating effect with modern aesthetics.

Spigot Glass Railing:

Glass panels are held by floor-mounted spigots. Clean look with strong anchoring great for pools or decks.
